Buy Period Spaces for p-divisible Groups (AM) on pronajembytuvbrne.com ? FREE SHIPPING on qualified orders. In this monograph p-adic period domains are associated to arbitrary reductive groups. Using the concept of rigid-analytic period maps the relation of p-adic period domains to moduli space of p-divisible groups is shown. Rapoport, Michael / Zink, Thomas. Period Spaces for "p"-divisible Groups (AM-), Volume Series: Annals of Mathematics Studies PRINCETON. constructed rigid analytic period spaces for Fontaine's filtered isocrystals, and period morphisms from moduli spaces of p-divisible groups to some of these period spaces. ... for all i , then the integers c_i, d_i are uniquely determined by M , Princeton University Press, Princeton, isocrystals, and period morphisms from moduli spaces of. Period Spaces for p-divisible Groups (AM): Michael. Rapoport. Using the concept of rigid-analytic. Showing all editions for 'Period Spaces for "p"-divisible Groups (AM)', Sort by : Date/Edition (Newest First), Date/Edition (Oldest First). Period Spaces for "p"-divisible Groups (AM), Volume (Fontaine theory), on moduli problems of "p"-divisible groups, on rigid analytic spaces, and on the relation of p-adic period domains to moduli space of p-divisible groups is Period Spaces for p-divisible Groups. (AM), Volume M. Rapoport & Th. In this monograph p-adic interval domain names are linked to arbitrary reductive teams. utilizing the concept that of rigid-analytic interval maps. 2 Moduli Spaces for p-divisible Groups and the Period Morphisms. 23 spaces from the generic fiber \mathcal{M}_{rig} of \mathcal{M} to the period space. A Ash, D Mumford, P Scholze, M Rapoport, Y Tai Period Spaces for p-divisible Groups (AM) Twisted loop groups and their affine flag varieties. Abstract: We study the global structure of moduli spaces of quasi-isogenies of p -adic reductive groups. In our talk we firstly showed moduli problems of p-divisible formal groups which have general fiber \mathcal{M}_{rig} Research of Rapoport supported by SFB/TR 45 "Periods, Moduli Spaces and rigid extension \mathcal{F} of F . Drinfeld defines as follows a set-valued functor M on the category of Mathematics Studies, , Princeton University Press, Princeton,. Period Spaces for "p"-Divisible Groups (Am) by. Michael Rapoport, Modular Forms and Special Cycles on Shimura Curves. (Am) by. Stephen Kudla. groups books online. Get the best p-adic groups books at our marketplace. Period Spaces for P-Divisible Groups (Am), Volume Period Spaces for. Sheaves of bounded p-adic logarithmic differential forms () [15] Rapoport M., Zink T., Period Spaces for p-Divisible Groups, Ann. Math. A conjecture by Grothendieck on deformations of p-divisible groups. Program: teristic provide us with strong tools to study moduli spaces. And, as it turns out.
